Project Description:

Private Residence Concept Sketches

Gateway Towers

Pittsburgh, Pennsylvania

Withheld at owner's request

N/A

2,500 sf

Withheld at owner's request

TBD

The owner purchased the unit adjacent to their existing home. The project will combine these two units into one large home of approximately 2500sf total. A fully renovated bathroom, and powder room, along with ideas for the kitchen and dining renovations are proposed. A new master suite will be accommodated in the design, and the living areas will be opened up to provide for 180 degree views of the river to the city skyline.
